

Mutualism

May 7 8:30 am-5:30 pm
B103, Northwest Building

Plant mutualisms:
pollinator, fungal, and
bacterial associations

John Thompson
UC Santa Cruz

Pat Willmer
University of St. Andrews

Florian P Schiestl
University of Zurich

Robert A Raguso
Cornell University

Alan Gange
University of London

Jennifer Rudgers
Rice University

E Toby Kiers
Vrije University, Amsterdam

Giles ED Oldroyd
John Innes Centre, Norwich

May 8 8:30 am-5:30 pm
AM - Pfizer Hall, Mallinckrodt
PM - 102 Sherman Fairchild

The evolution of cooperation
and trading (TECT)

Judith L Bronstein
University of Arizona

Ronald Noë
University of Strasbourg

Ulf Dieckmann
IIASA, Austria

Martin Nowak
Harvard University

Carl Bergstrom
University of Washington

Theodore Bergstrom
UC Santa Barbara

Claire de Mazancourt
McGill University

Pedro Jordano
CSIC, Sevilla

May 9 8:30 am-5:30 pm
B103, Northwest Building
