

PLANT BIOPHYSICS: MECHANISMS, MODELS and MIMETICS

Harvard Plant Biology Initiative
9th Annual Symposium
May 9, 2014, Wyss Institute

Location: Room 330, 60 Oxford Street, Cambridge, MA 02138

8:00-8:45am	Breakfast & Coffee
8:45-9:00am	Welcome
9:00-9:40am	Joanna Aizenberg, Wyss Institute, Harvard University <i>Plant-inspired materials: from Lotus to Pitcher Plant</i>
9:40-10:00am	Question and Discussion
10:00-10:40am	George Whitesides, Harvard University <i>New methods in bioanalysis</i>
10:40-11:00am	Question and Discussion
11:00-11:40am	Noel Michele Holbrook, Harvard University <i>Metastability, mechanics and the role of gels in plant vascular transport</i>
11:40-12:00pm	Question and Discussion
12:00-1:00pm	Lunch and Final Thoughts from the Panel
